Chesnut street is insurpassed. In this street, the fashionable promenade—may be seen the beauty of the city. We always tread its walks with pleasure, lit up as it is by so many bright eyes and lovely faces, speaking pure love and sweetness—and exhibiting the most finished picture of city life and fashion. Westchester Record.

ANNAPOLIS LYCEUM.

connection with all the Inerary institutions cover operation, embracing St. John's Col. and the forty public schools in the coun By such an arrangement, these matituons will receive greater patronage, and of course be more useful, and other channels of knowledge of ened, to which every man, wo-

state of things, in the cry and county above day, (comprising four days) compared with a uned, are at hand, and only need being put that of Saturday last comprising only three to their proper use. St. John's College, where | days) exhibits a decrease of three cases—and community. Among these facilities are a good supply of officers and professors of the first character, a respectable library belong-ing to the college, and another belonging a voluntury. a voluntary association, (Lyceum) compos-ed of the members of the four classes in that the reports of Saturday and vesterday the college, a valuable cabinet of Natural present an aggregate of only six deaths out of History, aided by a state collection of mine. 58 cases, are taken into consideration, we rals; together with the annual session of the Legislature and more frequent sessions of has been divested of that malignant character

school, a primary school, and a Ladies' Se-minary, all in the hands of able teachers, and of course in a flourishing condition. By the formation of Lyceums in these schools, upon the plan of the Baltimore School Lyce-tums, and those in many other parts of the &c we have every reason to believe that, in country, the character of these schools must a few days, we shall have the satisfaction of extended to other portions of the community and other sections of the county.

The State Cabinet recently commenced by

the ateiligent and judicious efforts of Protesser Ducatel, already furnishes an example must furnish most important facilities, for expending and diffusing knowledge of the most of interest. It appears that, upon the break practical and useful character, through all ing op of the Miguelist forces, he could not the counties, and smong all classes of citizens in Maryland. If this collection could received continued accession, from a County Lyceum in each of the nineteen counties the state, the cabinet would soon be com plete, and would open to the whole, commun nity the vast resources possessed by Mary-iand, in her mineral and other natural pro-

In Anne-Arundel county are about forty public schools now in operation by the pro-visions made by the legislature. By a quar-scally or semi-annual meeting of the trustees and teachers of these schools, under the aid ed to their owner. The Prelate having thus of the County Lyceum, a uniformity of books escaped with his life, prudence, or some cir may be introduced, improved modes of in-struction adopted, and the whole character of education-raised, so as to have every citizen. He wandered alone for some time in the coun of the county—every man, woman and child, try, seeking by night a shelter in some hospi-feel its benign influence, and a conscious dig-

ity from taking a part in promoting it.

Baltimore and Annapolis, co operate most

The following extracts, one from a paper called the Miamror the Lake, published in Perrysburgh, (Ohio.) dated October 21st; and the other from the St. Louis Republican, of October 17th, will give our eastern readers

ome notion of the emigration west:
... The number that arrive and depart daily from our town for the purpose of locating in the valley, is almost incredible. A wag at vy, and surely the generosity and nobleness of mind which in England distinguish that exalporch of one of our public houses in this place, remarked, as he stood gazing at the ble. This gentleman, in beholding the wretch long train of covered wagons, as they came ed state to which he saw reduced one of the brightest ornaments of the Dodon the Brightest ornaments of the Brightest ornaments or the Brightest ornaments of the Brightest ornaments or the Brightest ornaments of the Brightest ornaments or the Brightest ornaments ornaments or the Brightest ornaments ornaments or the Brightest ornaments ornaments or the Bright indeed he might suppose so, as the spectacle certainly justified the belief. To the farmer tually shed tears. Need I say that he affordin the east, who wishes to better his fortune by emigration, we say the Valley of the Miaini is the place for you; near a good and vever failing market, and with as productive a soil as any portion of the west can boast of. In addition to the above, we add that a more

Emigration. - The season so far has been a delightful one for Emigration. For several days our streets have been crowded with wa punctuality; and the estimation in which they gons and carriages, filled with apparently substantial and worthy people, bending their course to the far West. The number which pass here, we have understood, is not equal to that which crosses the river above the mout of the Missouri. Many of these emigrants are bound for the extreme western counties of the state; and we have been told that almost every section of land in Jackson connty has been entered. Other counties ar polating not less rapidly .- St. Louis Repub-

They have brought upwards of Two hundred thoround the specie. The company consists of

and have for some weeks, been passing through this place to the more western part Spirited measures are in progress to intro-ince Lyreum operations in the city of An-iapolis and Anne Arandel County. A pro-air cut to dure in the plan proposed for ac-tic roads in excellent and in for travelling.

There is also an emigration from the state of large droves of horses, mules, &c. for eastern and southern markets.

Perenspung. Oct. 30.

HEALTH OF OUR TOWN.
Notwiti-standing the unfavour ble state of the weather for the last three or four days. All the means for bringing about such a day, (comprising four day,) compared with course of instruction is pursued, of nearly an increase of two deaths .- Of the four deaths reported, the Board state, that one was an intemperate black, who was brought down the Courts in Annapolis.

Unaddition to the college are a Grammar ed places. We are assured by the Faculty that the cases are generally of a mild type and when medical aid is obtained in the incipient stages of disease, are easily managed. Under these circumstances, and with a premore elevated and their usefulness announcing the disappearance of the epidemic.

Extract of a letter from Rome, dated Aug. 25: The Archbishop of Evora, whose death be prevailed upon to leave his flock; but, however, was soon convinced of the necessity of seeking for safety in flight. He, con sequently, left Evora in the company of a few faithful attendants, but had not travelled to any great distance when he was stopped by a band of ruffians. The little property he had secured from the wreck of his fortune was seized, and carefully examined; and every article was pronounced a lawful prize, with the exception of the Bishop's golden cross and in the fields or on the mountains. When hunges drove him to any inhabited spot, the After some appropriate remarks by Mr.

Jones, of Anne Arundel county, the following revolutions were offered and unanimously adopted.

1. Resolved, That a County Lyceum' be formed, for the purpose of improving the Public Schools of Anne Arundel county, and that the said Lyceum be established in Annapolis; through all sections and all classes of the which struck him was the description of his.

furnished with papers from all quarters, and and that a committee of five be appointed to community, both in the commonwealth of well supplied with refreshments, near at hand.

The dwellings of many of the citizen's are rected with much spleador and elegance.

Chesnut atreet is ansurpassed, but his street, the feeling and that a committee of five be appointed to community, both in the commonwealth of war for the authorism of the authorism.

The following gentlemen were appointed to commonwealth of war for tripoli and Teals, and posted by orders of the authorism as he valued his life, to leave the kingdom, and offered to assist him in the endeavour. The Archbishop was accordingly disguised as a boat man, and descended the Tagus in a small barge. He remained in this condition in front of Lisbon for two days, wher his fate was made known to an Englishman. I know not the name of this respectable indibrightest ornaments of the Portuguese members, was affected to an extreme, and aced every assistance to the illustrious fugitive, and soon placed him beyond the reach, I will not say of his enemies, but of the insatiate not say of his enemies, but of the tissulate enemies of all religious worship? The Arch-bishop arrived safe in England, where he was furnished from the same source with the means of pursuing his journey to Italy. At Rome he has met with the best reception, and will have to-morrow an audience of Pope. The Archbishop of Evora was Minister of Public instruction during the reign of

Don Miguel. - Paris Heruld. A PERILOUS SHIVATION. Mr. Elliott, who latery made an ascension in a billion, from Charleston, S. C. appears

to have made a very narrow escape in his descent. He started about 5 o'clock, and was almost immediately watted out to sez. His first attempts to open the valve of the balloon. His in order to descend, were unsuccessful-The account of his troubles published in the Mer-

Having pulsed at the cord in vain he adopted the extedient of exturit a turn aroun the guard hoop, and swaying on it. was perceived that something had yielded a bove-the valve c rd performed its office and, the Balloon rescended into the ocean spirit and sound argument.

For the Mediterranean, can be sent by the hip Herald, to sail from New York 12tain. stant; and by two store-ships, to sail from Nortolk from the 10th to the 15th inst. For the Coast of Brazil, by the brig Pat-

stant; and by a store-ship, to sail from Washgton about 15th inst. For the Pacific, by the ship Leonida, to sail from New York 15th instant; and by a tore ship, to sail about the same time from

Washington.
NAVY DEPARTMENT, 3
November 1st, 1834.

NAVY DEPARTMENT.

Extract of a letter addressed to the Secreta-ry of the Navy, by Cant. Henry E. Bil-lard, daten, U. S. frigate U. States, Nav-

polia de Romania, August 22d, 1834.

I do myself the honour to inform vez, that in obedience to my instructions. I readed this anchorage three days ago from a true amongst the Islands—all well—and that I amongst the Islands-all shall sail for Athens and Smyrna, as soon as the land breeze comes to us to-night.

.We had the pleasure to learn, a day of two previous to our leaving Vourla, (chort the 11th inst) that the Commander in-Chief was at Alexandria, in the Delaware, all well.

The young King of Greece did me thebenour to visit my ship yesterday, for two hours and, together with his Ministry, expressed themselves highly delighted with the order and condition she is in, as well as with the kind reception given them.

OLD MR. PARSONS.

Speaking of old Mr. Parsons reminds and a story.—When he first engaged in magation, he kept a ship chandlery and grocer at the head of Hancock's wharf, (it's Bota He was then received ting out these vessels he became considerbly in debt. and as they had been long absent without being heard from, it was supposed cash was expended, dealt out most of his goods to his creditors. There was one black-smith, however, to whom he was considers. upon, and told him if he ever expected to be paid. to come and receive his quota of goods. as it would soon be too late. that,' said Vulcan, 'I am not worried, if you are not.' A short time afterwards, one cold winter morning, Mr. P. was roused from his slumbers by a loud knocking at his door, and on popping his head out of the wester le saw his friend of the bellows. All iterats? said he, "I believe that is one of a smooth just this side of the castle." He just no lime in throwing on his clotnes and repairing the wharf, and to his joy found the black-smith, a unnicion somet. She had arrived the wharf, and to his joy found the black smith's suspicions correct. She had arrived with a return cargo of gold and silver, having sold all her produce at a great profit. It less than forty-eight hours the other two strived under similar circumstances. This was the foundation of the great fortune he afterwards accumulated. It is needless to say that the blacksmith was paid to his heart's content and more than the on the return content—and more than that, on the return of each annual thankagiving, till the end of Mr. P's. life, his family was presented with a box of raising and a barrel of flour. Sech was the character of that eminent merchant, EBENEZER PARSONS. - N. Y. Com. Adr.

One of our subscribers informs us, and his veracity is unquestionable, that he was advised in baiting a wire trap to catch rate to mix a paste of corn meal and eggs; he did to returned to Voutla Bay about the 5th August, from a cruise in the Gulf of Salonica and its cond night the trap contained 14-from all neighbourhood, all well, and was near Smyre grown to full grown ones.
